# BECOME A

# DIGITAL LAWYER

With Cambodia's economy rapidly digitalizing, the Pentagonal Strategy highlights the critical need to build strong digital capacities, while the country's legal framework is undergoing transformation to keep pace with the digital era.

In this context, it is clear that future lawyers and professionals in the digital sector must **acquire solid expertise in digital law or risk losing relevance**. The dual LLM in Digital Law seeks to address this gap by **equipping ambitious professionals with advanced, specialized knowledge designed to enhance both their expertise and practical competence.**

# ABOUT OUR **PARTNER UNIVERSITY**

The 5 campuses of **Aix-Marseille Université** are located at the **sea coast in the beautiful cities of Marseille** (European Capital of Culture 2013) and Aix en Provence. The university's origins as Université Paul Cézanne (**founded 1409**) go back over **6 centuries**.

In 2012 Université Paul Cézanne, Université de Provence and Université de la Méditerranée were merged to Aix-Marseille Université which is today the “**biggest university in the French speaking world**” and ranks as **one of the top 4 universities in France** and amongst the **top 3% globally** (ARWU 2018; THE 2019).
